Use case 1 Internalization

Description

The system must be available in English and Spanish.

Access

Press en or es button to switch between English or Spanish language.

Tests

Test <#1>	
Description	<i>Check that all cases are available in both language.</i>
Expected	<i>Texts and errors must have been translated.</i>
Outcome	<i>Pass</i>
Notes	

Use case 2 Welcome Page

Description

See a welcome page with a banner that advertises Acme projects, including Acme Pad-Thai, Acme BnB, and Acme Car'n go! The banners must be selected randomly.

Access

Just enter the application.

Tests

Test <#1>	
Description	<i>Realise that banners are been displayed with references to other acme projects.</i>
Expected	<i>A banner with references to other acme projects.</i>
Outcome	<i>Pass</i>
Notes	

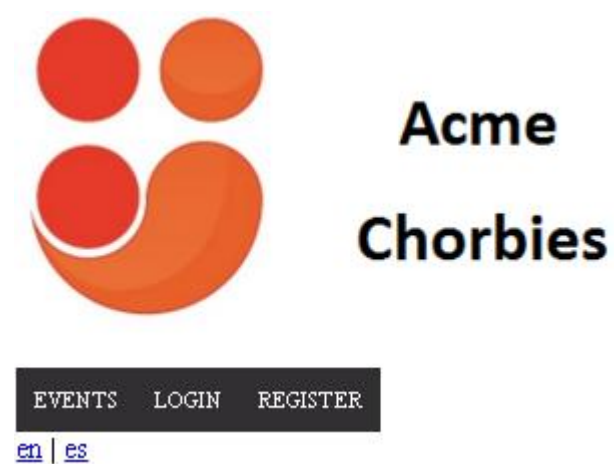

Use case 3 Login

Description

Login to the system using his or her credentials.

Access

Select login option in the menu bar.

Tests

Test <#1>	
Description	Log on with a non-banned user with correct credentials. User: chorbi1 Pass: chorbi1
Expected	You must be logged and be able to see the welcome page.
Outcome	pass
Notes	

Test <#2>	
Description	Log on with a banned user with correct credentials. User: chorbi6 Pass: chorbi6
Expected	You mustn't be logged.
Outcome	Pass
Notes	

Use case 4 Register

Description

Register to the system as a chorbi. As of the time of registering, a chorbi is not required to provide a credit card. No person under 18 is allowed to register to the system.

Username: Size must be from 5 to 32 and unique.

Password: Size must be from 5 to 32

Name, Surname, Description, Country, City: Must be not Blank

Email: Pattern like test@test.com

Phone: Pattern like +34123456789 or 123456789

Picture: Valid URL

Birth date: Past and pattern dd/MM/yyyy

Desired relationship, Genre: Select one.

Province: Optional

State: Optional

Access

Select register option in the menu bar.

Tests

Test <#1>	
Description	As a new user complete register form, and login.
Expected	You must be logged and be able to see the welcome page.
Outcome	Pass
Notes	Password capital letters have been changed by lowercase letters.

Test <#2>	
Description	Register in violation of the rules previously described.
Expected	Errors must appear at each field.
Outcome	Pass
Notes	

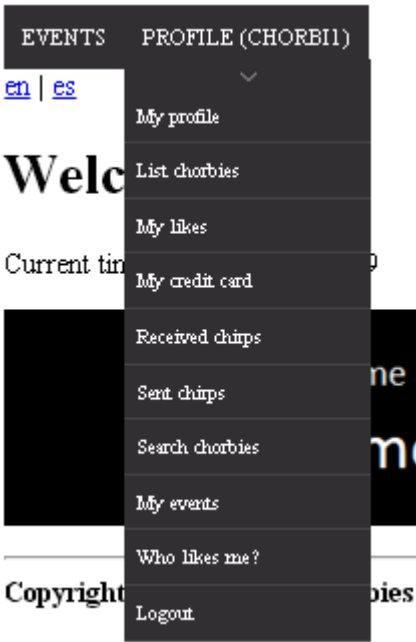

Use case 5 List of Chorbies

Description

Browse the list of chorbies who have registered to the system.

Access

Login the application [User: chorbi1, Pass: chorbi1] and select list chorbies in the menu bar.

Tests

Test <#1>	
Description	Check that the list of chorbies is displayed correctly.
Expected	A list of chorbies who have registered [chorbi1...8 and new chorbies created on tests].
Outcome	Fail
Notes	When language is set to "es" the list is not showing. Seems to be redirecting to list liked

localhost:8080/Acme-Chorbies/chorbi/list.do

Listar a quien le gusto

Nada para mostrar.

Si un churri tiene el siguiente formato: rojo y tachado, significa que está baneado

Use case 6 Profile

Description

Change his or her profile.

Username: Size must be from 5 to 32 and unique.

Password: Size must be from 5 to 32

Name, Surname, Description, Country, City: Must be not Blank

Email: Pattern like test@test.com

Phone: Pattern like +34123456789 or 123456789

Picture: Valid URL

Birth date: Past and pattern dd/MM/yyyy

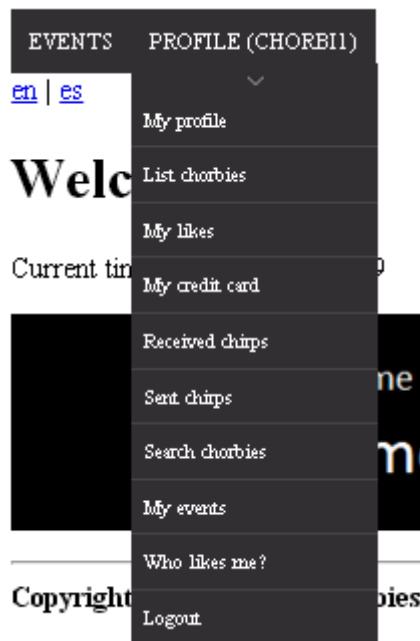

Desired relationship, Genre: Select one.

Province: Optional

State: Optional

Access

Login the application [User: chorbi1, Pass: chorbi1] and select my profile in the menu bar and at the bottom page select edit profile.

[Edit Profile](#)

Tests

Test <#1>	
Description	<i>Edit each field correctly.</i>
Expected	<i>Profile must have been changed and displayed.</i>
Outcome	<i>Pass</i>
Notes	<i>Cannot edit fields individually without changing or introducing a password</i>

Test <#2>	
Description	<i>Edit each field in violation of the rules previously described</i>
Expected	<i>Errors must appear next to each text area.</i>
Outcome	<i>Pass</i>
Notes	

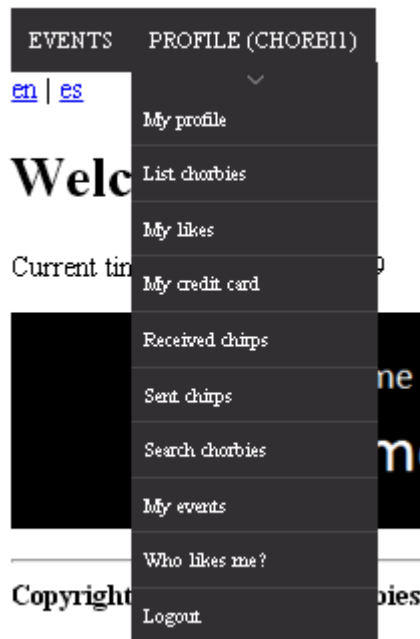

Use case 7 Search Template

Description

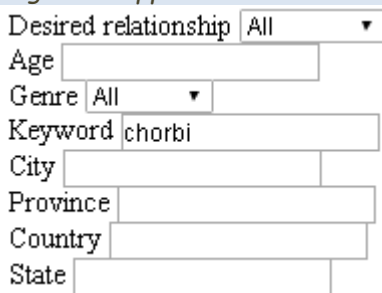

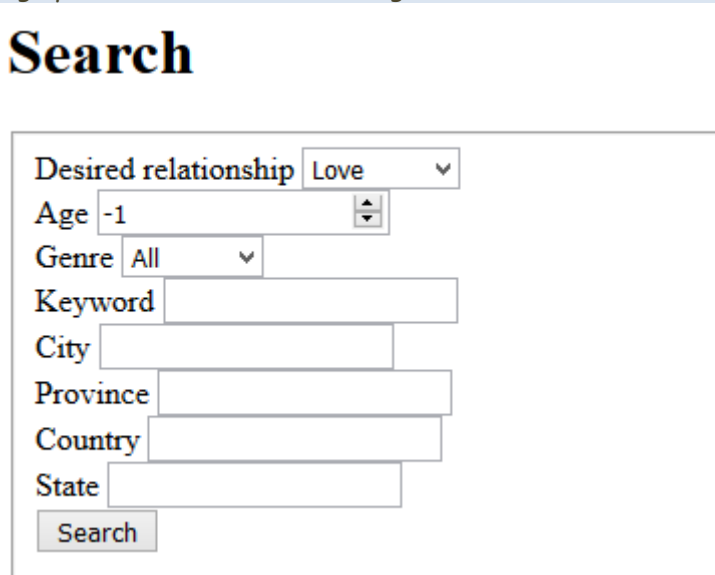

Browse the results of his or her search template as long as he or she's registered a valid credit card. Note that the validity of the credit card must be checked every time the results of the search template are displayed. The results of search templates must be cached for at least 12 hours. And change his or her search template.

Access

Login the application [User: chorbi1, Pass: chorbi1] and select search option in the menu bar.

Tests

Test <#1>	
Description	<p>Login the application and modify the search template.</p> 
Expected	A list of all chorbies.
Outcome	Pass
Notes	<p>Age parameter can be set to negatives, and numbers under 18.</p> 

Test <#2>	
Description	Create a new chorbi9 and search again.
Expected	The same list of chorbies that appear in test 1 if cache doesn't have expired.
Outcome	Pass
Notes	Since I have just registered with chorbi9, I cannot use its search template since I haven't registered any credit Card. Used chorbi2 instead

Test <#3>	
Description	Login with a chorbi without credit card and use the search template.
Expected	An error with this text "You don't have a credit card registered"
Outcome	Pass
Notes	

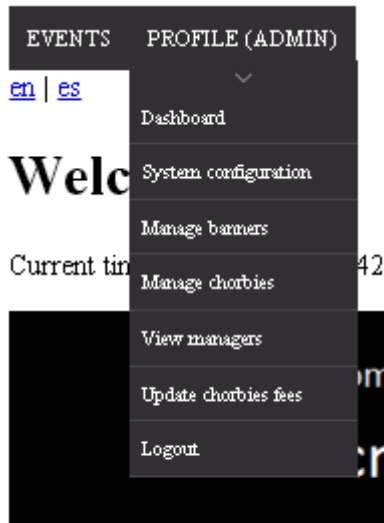

Use case 8 Ban/Unban a chorbi

Description

Ban a chorbi, that is, to disable his or her account, and unban a chorbi, which means that his or her account is re-enabled.

Access

Login as administrator and select manage chorbies in menu bar, banned chorbies have unban button others ban button.

Copyright © 2017 Acme Chorbi

Tests

Test <#1>	
Description	Login as administrator, ban chorbi5 and login as chorbi5 password chorbi5.
Expected	You can't login with that chorbi5.
Outcome	Pass
Notes	No admin credentials given. Used admin/admin. Chorbi5 gets an "non registered message" rather than a "banned" message

Test <#2>	
Description	Login as administrator, unban last chorbi5 and login again.
Expected	Now you can login with that chorbi5.
Outcome	Pass
Notes	

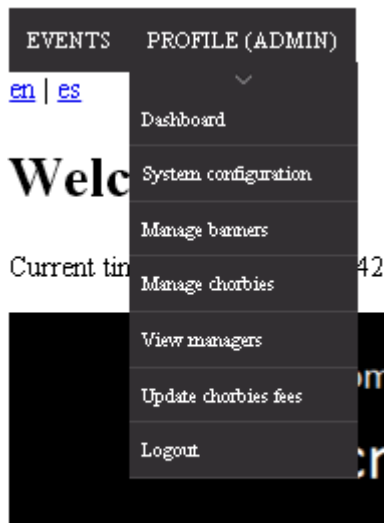

Use case 9 Configurations

Description

Change the banners that are displayed on the welcome page and the time that the results of search templates are cached. The time must be expressed in hours, minutes, and seconds. Change the fee that is charged to managers and chorbies.

Access

Login as administrator and select system configuration in menu bar and edit button in configuration view, and to edit displayed banners you should select manage banners in menu bar.

Use case 11 Chirp

Description

Chirp to another chorbi.

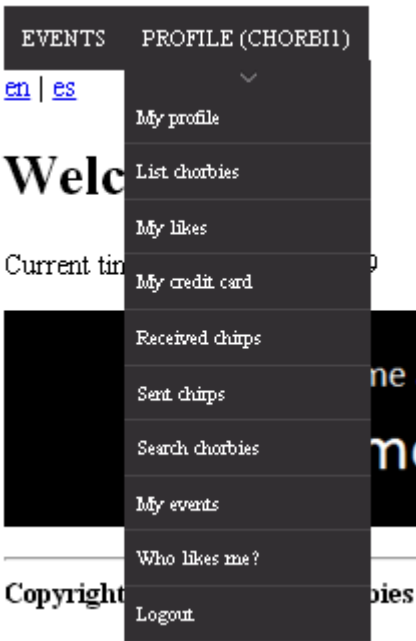

Browse the list of chirps that he or she's got, and reply to any of them.

Browse the list of chirps that he or she's sent, and re-send any of them.

Erase any of the chirps that he or she's got or sent, which requires previous confirmation.

Access

Login as [User: chorbi1, Pass: chorbi1] and select received chirps or sent chirps from menu bar.
To Reply , Re-sent and delete must select view button on message.

Tests

Test <#1>	
Description	Display both chirp lists received and sent.
Expected	Received: 6 chirps from chorbi2 Sent: 6 chirps for chorbi2
Outcome	Pass
Notes	

Test <#2>	
Description	<i>Write a chirp to chorbi3 using new chirp button. Subject: test Body: test For: chorbi3</i>
Expected	<i>You must have been redirected to sent chirps, and chirp is into his received chirps list</i>
Outcome	<i>Pass</i>
Notes	

Test <#3>	
Description	<i>Write a chirp to chorbi3 violating restrictions. Subject: Must be not blank Body: Must be not blank</i>
Expected	<i>Errors must appear next to each corresponding field.</i>
Outcome	<i>Pass</i>
Notes	

Test <#4>	
Description	<i>Reply a chirp from chorbi2. Subject: reply Body: reply</i>
Expected	<i>New chirp has been sent correctly and chorbi2 received it.</i>
Outcome	<i>Pass</i>
Notes	

Test <#5>	
Description	<i>Re-sent a chirp from chorbi2 to chorbi3. Subject: Re-sent Body: Re-sent</i>
Expected	<i>New chirp has been sent correctly and chorbi2 received it.</i>
Outcome	<i>Pass</i>
Notes	<i>When forwarding a chirp, I cannot edit it</i>

Test <#6>	
Description	<i>Delete a chirp from chorbi2.</i>
Expected	<i>Chirp has been deleted from your list.</i>
Outcome	<i>Pass</i>
Notes	

Test <#1>

Description

Check that include only events that are going to be organised in less than one month.

Expected

An event list with only 2 events, event1 and event6.

Outcome

Fail

Notes

Only one event is available since event 1 has no seats to offer.

Event list close to expire with places

Order by free seats

One item found.

1

Title	Description	Date and moment	Seats offered	Free seats	
event6	Event 6 just see your self	2017-05-15 00:00:00.0	20	19	View

Use case 13 All events

Description

Browse a listing that includes every event that was registered in the system. Past events must be greyed out; events that are going to be organised in less than one month and have seats available must also be somewhat highlighted; the rest of events must be displayed normally.

Access

Select all option in events menu bar.

Tests

Test <#1>	
Description	Check that have been displayed correctly.
Expected	Green: close events, Grey: past events.
Outcome	Pass
Notes	

Test <#2>	
Description	Check that the event list can be sorted by the number of seats available, clicking the Order by free seats option
Expected	The event list sorted according to available seats. The list should have 9 events ordered by the free seats they have
Outcome	Pass
Notes	The order is ascending, but it would be better to be descending

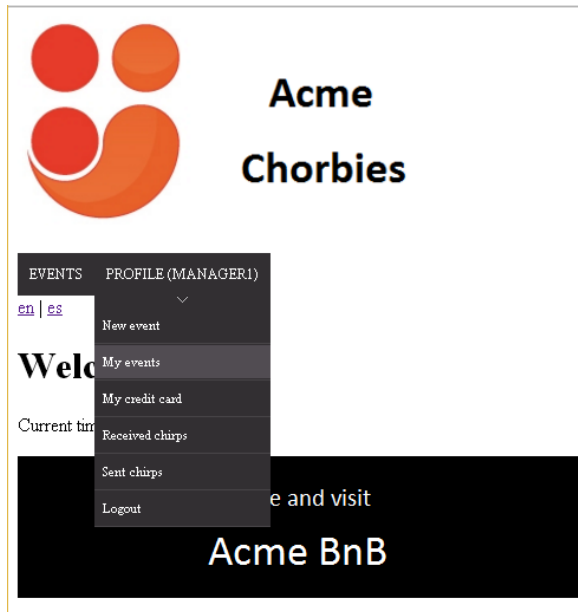

Use case 14 Manage events

Description

Manage the events that he or she organises, which includes listing, registering, modifying, and deleting them. In order to register a new event, he must have registered a valid credit card that must not expire in less than one day. Every time he or she registers an event, the system will simulate that he or she's charged a 1.00€ fee.

Access

Login as manager and select my events option in menu bar.

Tests

Test <#1>	
Description	Check that have been displayed correctly. User: manager1 Pass: manager1
Expected	Yours event list, as manager 1 should have 6 events.
Outcome	Pass
Notes	

Test <#2>	
Description	Register a new event with a valid credit card. For example: Title: Party Date and moment: 08/01/2019 20:00 Description: This will be a nice party Image: (Can be blank, or a valid url) Seats offered: 100
Expected	Event has been created correctly and your fee has increased.
Outcome	Pass
Notes	

Test <#3>	
Description	Modify an event. For example: Title: Party Date and moment: 08/01/2019 20:00 Description: This will be a nice party Image: http://www.imagevalid.com Seats offered: 500
Expected	Event has been modified correctly.
Outcome	Pass
Notes	

Test <#4>	
Description	Delete an event. For example, delete the party event you have just modified.
Expected	Event has been deleted correctly.
Outcome	Pass
Notes	

Test <#5>	
Description	Register a new event without a valid credit card.
Expected	An error with this text "You do not have a credit card. You need one to search chorbies, see who likes you or create events. Your card won't be charged."
Outcome	Pass
Notes	No credentials for a manager with no credit card given. Used manager3/manager3

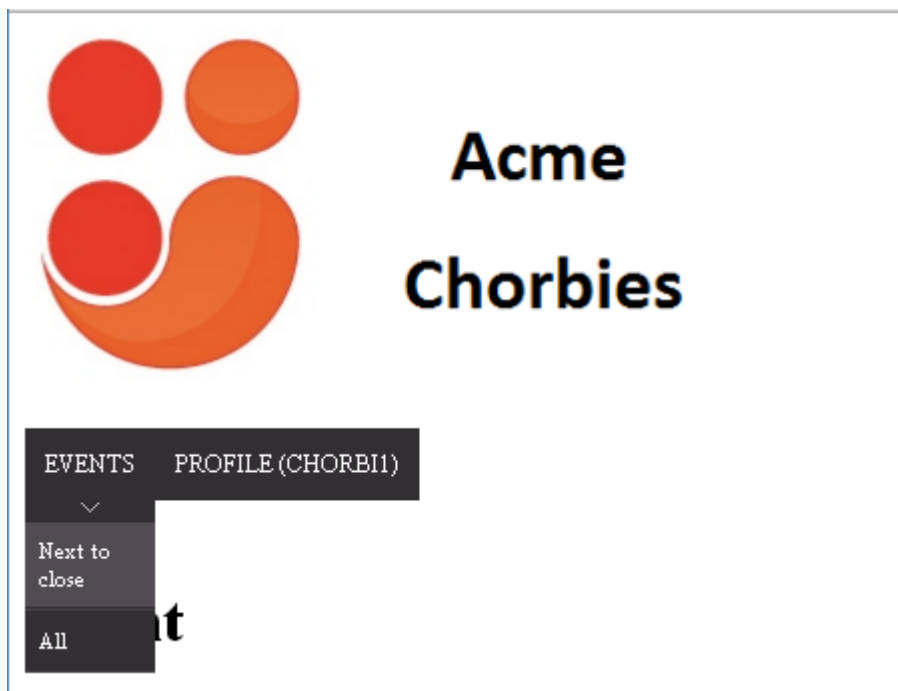

Use case 15 Register to an event

Description

Register to an event as long as there are enough seats available.

Access

Login as chorbi and select one of events next to close list option in menu bar,

view one and register button at the bottom page.

Tests

Test <#1>	
Description	Register to an event as User: chorbi1 Pass: chorbi1
Expected	You have been correctly registered.
Outcome	Pass
Notes	Chorbi1 already registered to many events. Registered to event from manager3

Use case 16 Un-register to an event

Description

Un-register to an event as long as he or she is registered in it.

Access

Login as chorbi and select one of My events list option in menu bar,

view one and un-register button at the bottom page.

Tests

Test <#1>	
Description	Un-register to an event as User: chorbi1 Pass: chorbi1
Expected	You have been correctly un-registered.
Outcome	Pass
Notes	

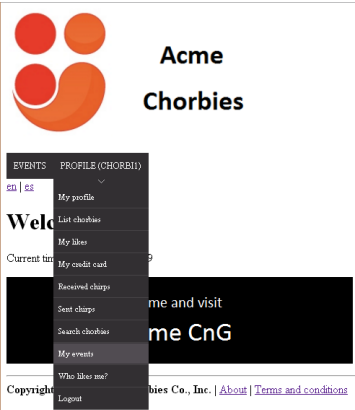

Use case 17 Your events.

Description

Browse his or her list of events to which he or she’s registered

Access

Login as chorbi and select My events list option in menu bar,

view that he or she’s registered in those events.

Tests

Test <#1>	
Description	Browse his or her list of events as User: chorbi1 Pass: chorbi1
Expected	You have access to view your events list
Outcome	Pass
Notes	

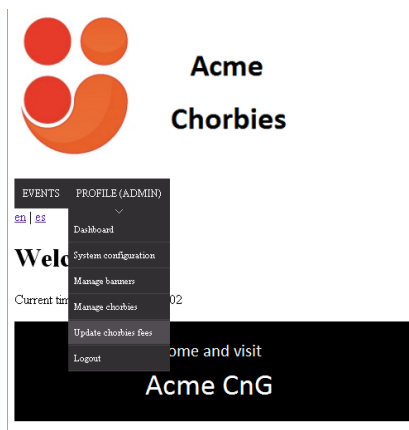

Use case 18 Update monthly fees

Description

Run a process to update the total monthly fees that chorbies would have to pay.

Access

Login as administrator and select update chorbies fees in menu bar.

Tests

Test <#1>	
Description	Upload monthly fees
Expected	The fee has been added to the corresponding chorbies, and a message confirming it its shown on the screen
Outcome	Pass
Notes	

Use case 19 Broadcast chirps

Description

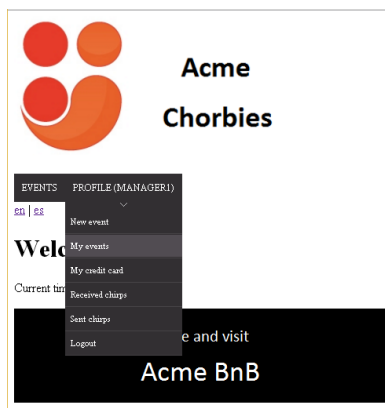

Broadcast a chirp to the chorbies who have registered to any of the events that he or she manages.

Subject: Must be not Blank

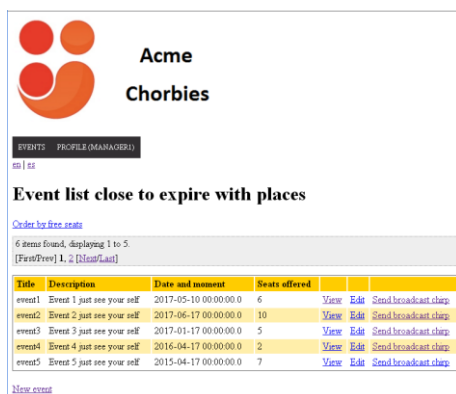

Body: Must be not Blank

Access

Login as manager and select my events option in menu bar.

Then click in the option to send broadcast chirp.

Tests

Test <#1>	
Description	Broadcast chirps to the chorbies of any of the events that he or she manages For example Subject: Hola Body:Amigos
Expected	The chirps has been sent to the chorbies who are registered in the event
Outcome	Pass
Notes	

Test <#2>	
Description	<i>Send the chirp with all fields blank. Subject: Body:</i>
Expected	<i>Errors will appear at each field with annotations about the errors. Subject: Must not be blank Body: Must not be blank</i>
Outcome	<i>Pass</i>
Notes	

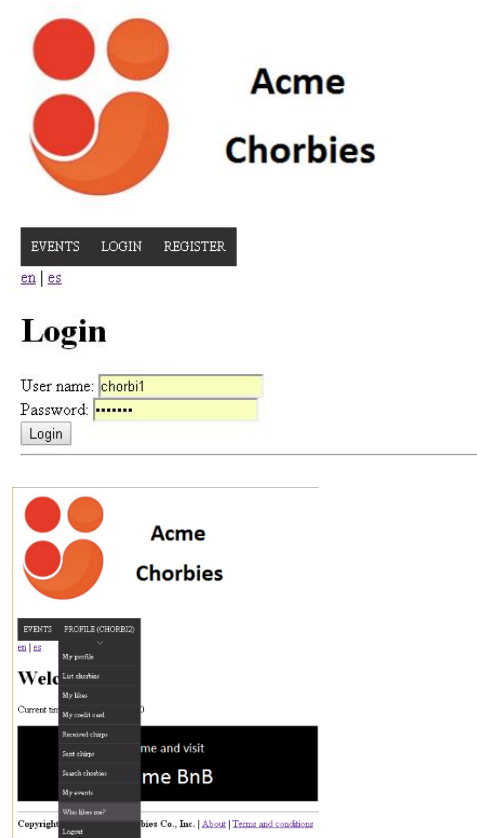

Use case 20 List of Chorbies who have liked him or her

Description

Browse the list of chorbies who have liked him or her as long as he or she has registered a valid credit card

Access

Login the application and select who likes me in the menu bar.

The screenshot shows the Acme Chorbies application interface. At the top, there is a logo consisting of four orange circles arranged in a square, with the text "Acme Chorbies" to its right. Below the logo is a navigation bar with links for "EVENTS", "LOGIN", and "REGISTER". Underneath the navigation bar, there are links for "en" and "es". The main heading is "Login". Below this, there are input fields for "User name:" (containing "chorbi1") and "Password:" (containing "*****"). A "Login" button is positioned below the password field. Below the login form, there is a horizontal line. Underneath the line, there is a smaller version of the Acme Chorbies logo and text. Below this, there is a navigation bar with links for "EVENTS", "PROFILE (CHORBI1)", "en", and "es". The main heading is "Welcome". Below this, there is a "Current time" field showing "0". Below the time field, there is a list of links: "My profile", "List chorbies", "My likes", "My credit card", "Received charge", "Test charge", "Search chorbies", "My events", and "Who likes me?". Below the list of links, there is a "Login" button. At the bottom of the page, there is a footer with the text "Copyright © 2019 Acme Chorbies Co., Inc. | About | Terms and conditions".

Tests

Test <#1>	
Description	<i>Browse the list of chorbies who have liked him as long as he or she has registered a valid credit card</i>
Expected	<i>A list of chorbies who have registered liked him or her. And an access to see that chorbie profile</i>
Outcome	<i>Pass</i>
Notes	<i>No credentials provided. Used chorbi2/chorbi2 since it is know that it has a liked.</i>

Test <#2>	
Description	<i>Browse the list of chorbies who have liked without a valid credit card</i>
Expected	<i>A message will be displayed, saying "You do not have a credit card. You need one to search chorbies, see who likes you or create events. You card won't be charged."</i>
Outcome	<i>Pass</i>
Notes	<i>No credentials provided. Used chorbi9/chorbi9 since it is known not to have a valid credit card</i>

Use case 21 Manage credit card

Description

Manage his credit card, which includes registering, modifying, and deleting it.

Holder: Must be not Blank

Number: A valid credit card number
